A chara,

The Department of Education has recently launched the 2023 Home-Based Summer Programme to support the education or care needs of students with complex needs during the summer break period. This home-based summer programme provides 10 hours per week for 4 weeks of home based support.

1. Any student enrolled in a special school or a special class - primary and post primary

2. Students presenting with the most significant needs in mainstream classes in primary and post-primary schools who are accessing the highest level of the Continuum of Support (School Support Plus) .
