

10 Eanáir 2022

A chairde,

Tuigimid go maith go bhfuil an scéal maidir le COVID agus teacht ar scoil casta faoi láthair. Anseo thíos tá nasc leis an eolas is déanaí atá tagtha ón HSE agus sreabhchairt ón NAPD a bhíonn in úsáid againn féin chun rudaí a dhéanamh níos fusa agus níos soiléire. Mo leithscéal gur as Béarla amháin atá an sreabhchairt. Táimid fíor bhuíoch daoibh as bhur gcomhoibriú agus macántacht maidir leis seo agus sinn ag iarraidh ár ndícheall a dhéanamh gach éinne sa phobal a chosaint, chomh mór agus is féidir linn.

Go bunúsach má tá aon cheann de na rudaí seo thíos i gceist caithfidh an dalta fanacht age baile:

- Comharthaí COVID ar an dalta
- Antaigin nó PCR deimhneach
- Teagmhálaí Tí
- Dlúth- theagmhálaí

We understand how complicated the situation is currently with regard to COVID and attending school. Please find below a link with the latest HSE advice and a flowchart from the NAPD that we use ourselves to simplify and clarify matters. We are extremely grateful for your co-operation and honesty with this as we strive to keep everyone in the community safe, to the best of our ability.

Basically if any of the following apply the student must remain at home:

- *Student has COVID symptoms*
- *Positive Antigen or PCR test*
- *Household Contact*
- *Close Contact*

Le buíochas,

Éamonn Mac Muiris
Príomhoide
